PROFILE

Computer Science and Engineering student with practical experience in IT operations, cybersecurity, hardware support, networking, and technical troubleshooting through an internship at ONE Bank PLC. Interested in Cybersecurity, Network Engineering, IT Infrastructure, Software Development, and emerging technologies. Strong problem-solving ability with a willingness to learn and work in professional team environments.

EXPERIENCE

IT Intern – Security & Hardware Team **ONE Bank PLC**

IT Department — June 2026 – September 2026

- Assisted with basic information security and endpoint security activities.
- Gained practical knowledge of banking-sector cybersecurity threats and vulnerabilities.
- Worked with PC and IP Phone IP addressing and basic network configuration.
- Performed basic hardware troubleshooting and IT support tasks.
- Used TeamViewer for remote technical support and troubleshooting.
- Developed practical understanding of IT infrastructure and security operations.

EDUCATION

B.Sc. in Computer Science & Engineering **2023 – 2027**
Northern University Bangladesh CGPA: **3.79 / 4.00**

Higher Secondary Certificate (HSC) – Science **2020 – 2021**
Milestone College GPA: **5.00 / 5.00**

TECHNICAL SKILLS

Programming	C, C++, Python, Java
Database	SQL, SQLite3
Networking	TCP/IP, IP Addressing, Subnetting, NAT/PAT, Cisco Packet Tracer
Cybersecurity	Information Security, Endpoint Security, Cyber Threats, Basic Security Operations
IT Support	Hardware Troubleshooting, IP Phone Configuration, TeamViewer, Microsoft Office
Tools	Git, GitHub, VS Code, Microsoft Word, Excel, PowerPoint
Other	UI/UX Design, Data Analysis with Excel, Problem Solving

PROJECTS

Job Portal Management System *Python, Tkinter, SQLite3*

- Developed a desktop-based job portal with Job Seeker, Employer, and Admin modules.
- Implemented job posting, searching, application management, and database operations.

Bluetooth-Controlled Mini Drone *Arduino, Bluetooth*

- Built a mini drone prototype controlled through Bluetooth communication.

Ultrasonic Distance Measurement System *Arduino Uno, HC-SR04*

- Designed an Arduino-based system to measure distance using an ultrasonic sensor.

RESEARCH & CONFERENCE

Paper Presenter – 7th International Conference on Integrated Sciences (2025)
Presented research on *cognitive fatigue, nutrition, and sleep behavior among students.*

CORE STRENGTHS

Problem Solving — Teamwork — Communication — Time Management — Fast Learning — Technical Troubleshooting
